Complete smart outdoor heating. One part number. Quick ship.

Each bundle pairs two 6000W dual-element infrared heaters with a matched smart control panel and two smart wall switches. Timers you set from your phone come standard, so heat runs only when it's needed. Pick the look, pick the control, and it's ready to install.

242 sq. ft.

COVERAGE PER BUNDLE

Two 11 × 11 ft zones

Quick ship

Panels are built ahead, so there's no 2–4 week wait for a custom panel build.

10% off MAP

Bundle pricing saves $307 to $607 versus buying parts separately.

Timers

Auto-off and schedules from a phone on every bundle. Saves energy, adds safety.

1 SKU

Heaters, panel and switches matched. Nothing to spec, nothing missed at install.

PREMIUM COMFORT HEAT PROUDLY MADE IN THE USA

Special bundle pricing through December 31, 2026: 10% off the combined MAP of the components listed. Shipping not included; FOB Gardena, CA. Order by bundle part number.

STANDARD ON EVERY BUNDLE

Smart timers, right on your phone.

Set auto-off timers and schedules for each heater zone in the Bond app. The included wall switches add a built-in auto-off timer too.

Energy efficiency

Heaters run only while people are there to enjoy them, cutting wasted energy and utility costs.

Safety

Heaters shut off on their own if someone forgets. Ideal for unattended patios, rentals and businesses.

Peace of mind

Warm the space before guests arrive, and check or switch off heat from anywhere.

PICK THE LOOK, THEN THE CONTROL

	DIMMERS & TIMER · 2-RELAY UNIVERSAL PANEL	TIMER · DUAL CONTACTOR PANEL
Flush-Mount Recessed WD-Series, stainless	BUNDLE 1 · INFPROMOBNDL001 **$5,464** Set heat intensity plus timers. NEMA 4 panel for outdoor installation.	BUNDLE 2 · INFPROMOBNDL002 **$3,568** On/off plus timers at the lowest flush-mount price.
Motif Surface mount, black geometric cover	BUNDLE 3 · INFPROMOBNDL003 **$4,658** A design statement with full dimming control.	BUNDLE 4 · INFPROMOBNDL004 **$2,761** The design look at the lowest bundle price.

WHERE THE BUNDLES FIT

Covered patios & porches

Two zones warm a seating and dining area evenly.

Outdoor kitchens & bars

Heat people, not the air, even when it's breezy.

Pergolas & loggias

Flush-mount disappears into soffits; Motif becomes the accent.

Decks & balconies

Wall or ceiling mounting at 8–12 ft, angled where it's needed.

Restaurant patios

Extend outdoor seating into cooler months and evenings.

Hotels & hospitality

Schedules and auto-off keep unattended spaces efficient.

Wineries & event spaces

Comfortable outdoor events from fall into spring.

Vacation rentals

Guests get easy control; owners get automatic shut-off.
