

10 Reasons to choose Cajun Kooling

- Additional openings on the sides for more airflow
- Shut-off sensor on the pump when the water is low
- Washable, reusable screens to protect the cooling pads from dust build-up
- No hose attachment needed
- UV light system to prevent allergy and bacteria build-up
- Lowest noise in the fan industry
- Specially designed cooling pads, with superior quality to allow for 100% air flow through water
- Self-dry mode to expand the lifetime of the cooling pads
- 3-speed fan with oscillation, timer and remote control
- Great customer service
